To

M. N. Krishna Rao, Esq., B.A.,
Financial Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

SIR,

I have the honor to forward herewith a resolution of the Insurance committee passed in their Meeting held on the 17th January 1920 for early orders. In reviewing the statement of proposals received, disposed of and pending disposal, the causes for the pendency of 647 proposals shown in the statement were found to be due to (1) the incomplete state in which about 70 per cent of the proposals were received which necessiated the obtaining of information for their completion from the proposer himself or his immediate official superior, in furnishing which considerable delay occured, (2) The circulation of the proposals, except those resting on Ordinary Medical Certificates, among three Members and President of the Insurance Committee, besides the Senior Surgeon, as required by the present Rule 20. To minimise the first cause, the proposal form was recently revised so as not to admit of any of the necessary information being left unfurnished. With a view to minimise the second cause also the Committee carefully considered in all its aspects the necessity for the circulation of proposals as at present and have come to the unanimous conclusion that such necessity does not exist in respect of such of the proposals as to the acceptance of which the Examining Medical Officer and the Senior Surgeon completely agree and which do not involve any question of doubt or

doubt or difficulty, and specially in view of the fact that data obtained by the circulation of proposals among not less than 3 Members and the President of the Committee besides the Senior Surgeon during the last 28 years ~~were~~ are readily available for re-- ference in the Office for the disposal of such cases.

In these circumstances, I request you to be so good as to obtain early sanction of Government for the adoption of Rule 20 as amended in the Resolution of the Committee referred to.

I have the honor to be,

S i r,

our most obedient servant,

J. Satyanarayana

Secretary, I.C.

In reference to the proposal statement (No.1 above), after carefully considering all aspects of the case, unanimously resolved that as no useful purpose is now secured by circulating all proposal resting on detailed medical certificates among three Members and the President of the Committee--vide Rule 20--and as the procedure only results in unnecessary delay in their disposal, Rule 20 be suitably amended and submitted to Government with an explanatory letter for sanction to adopt it so as to enable the President to pas final orders on such of this class of proposals as do not involve any question of doubt, or difficulty the rest alone being circulated among all the Members of the Committee.

AMENDMENT OF RULE 20.

" A proposal for a First or Further Insurance resting on a detailed medical certificate, shall be forwarded to the Senior Surgeon for his opinion and on its return it will be dealt with, by the ... Secretary and the President of the Committee. The President shall pass final orders as to its acceptance if it does not involve any question of doubt or difficulty. Otherwise, it shall be circulated among the Members of the Committee and disposed of, according to the opinion of the Majority, one vote against the proposer being held as cancelling two votes in his favour. When owing to such cancelment, the votes are balanced, the matter in question shall be decided by the casting vote of the President. The opinion of the majority thu arrived at shall be ~~deme~~ deemed to be the opinion and decision of the .. committee. The president shall in all cases, be at liberty to refe for the orders of Government any question invloving a general princi ple notwithstanding its decision by a majority of votes.

A proposal for further insurance resting on an ordinary medical certificate may be accepted by the Secretary if the medical certi-- ficate states that the proposer is in good health. If however, such certificate states that the proposer is not in good health or if any question of doubt, or difficulty is involved, the proposal shall be submitted to the Senior Surgeon and disposed of in the manner of other proposals."

Letter No. 7847, dated 3rd March 1920, from the Secretary, Mysore State Life Insurance Committee, Bangalore, to the Financial Secretary to the Government of Mysore.

I have the honor to forward herewith a resolution of the Insurance Committee passed in their meeting held on the 17th January 1920 for early orders. In reviewing the statement of proposals received, disposed of and pending disposal, the causes for the pendency of 647 proposals shown in the statement were found to be due to (1) the incomplete state in which about 70 per cent of the proposals were received which necessitated the obtaining of information for their completion from the proposer himself or his immediate official superior, in furnishing which, considerable delay occurred; (2) the circulation of the proposals, except those resting on ordinary medical certificates, among three members and President of the Insurance Committee, besides the Senior Surgeon, as required by the present Rule 20. To minimise the first cause, the proposal form was recently revised so as not to admit of any of the necessary information being left unfurnished. With a view to minimise the second cause also, the Committee carefully considered in all its aspects the necessity for the circulation of proposals as at present and have come to the unanimous conclusion that such necessity does not exist in respect of such of the proposals as to the acceptance of which the Examining Medical Officer and the Senior Surgeon completely agree and which do not involve any question of doubt or difficulty, and specially in view of the fact that data obtained by the circulation of proposals among not less than three members and the President of the Committee besides the Senior Surgeon during the last 28 years are readily available for reference in the office for the disposal of such cases.

In these circumstances, I request you to be so good as to obtain early sanction of Government for the adoption of Rule 20 as amended in the Resolution of the Committee referred to.

In reference to the proposal statement (No. 1 above), after carefully considering all aspects of the case, unanimously resolved that as no useful purpose is now secured by circulating all proposals resting on detailed medical certificates among three members and the President of the Committee.—*Vide* Rule 20—and as the procedure only results in unnecessary delay in their disposal, Rule 20 be suitably amended and submitted to Government with an explanatory letter for sanction to adopt it so as to enable the President to pass final orders on such of this class of proposals as do not involve any question of doubt, or difficulty the rest alone being circulated among all the Members of the Committee.

AMENDMENT OF RULE 20.

"A proposal for a first or further Insurance resting on a detailed medical certificate, shall be forwarded to the Senior Surgeon for his opinion and on its return it will be dealt with, by the Secretary and the President of the Committee. The President shall pass

inal orders as to its acceptance if it does not involve any question of doubt or difficulty. Otherwise, it shall be circulated among the Members of the Committee and disposed of, according to the opinion of the majority, one vote against the proposer being held as cancelling two votes in his favour. When owing to such cancelment the votes are balanced, he matter in question shall be decided by the casting vote of the President. The opinion of the majority thus arrived at shall be deemed to be the opinion and decision of the Committee. The President shall in all cases, be at liberty to refer for the orders of Government any question involving a general principle notwithstanding its decision by a majority of votes.

A proposal for further insurance resting on an ordinary medical certificate may be accepted by the Secretary if the medical certificate states that the proposer is in good health. If, however, such certificate states that the proposer is not in good health or if any question of doubt or difficulty is involved, the proposal shall be submitted to the Senior Surgeon and disposed of in the manner of other proposals.
